EXPERIENCE

Web Development Immersive Student

General Assembly   Jan 2017 - ongoing   Washington, D.C.
https://github.com/ericcgreen

Participated in a 500-hour full-time web development immersive course which taught me current front- and back-end technologies, programming languages, frameworks, tools, and methodologies used in today's market.

- Developed four individual full functioning apps each in specific coding languages and each under tight time constraints;
- Won an eight hour Hackathon sponsored by the French Embassy and hosted by General Assembly

Third Party Department Manager

Cox & Kings Global Services   Feb 2016 - Dec 2016   Washington, D.C.

- Managed a team of five staff members in the Third Party Clients Department, maintained the database, analyzed reports, tracked stats, and processed client invoices averaging $20,000 on a daily basis;
- Provided administrative support for a visa consulting agency contracted by the Embassy of India and servicing Indian nationals;
- Networked between departments as a Sales Force operator to fulfill upwards to 10 office project deadlines per day

Senior Branch Coordinator and ESL Teacher

MIL: The Language Center   Feb 2014 - Feb 2015   Funabashi, Chiba, Japan

- Promoted to Senior Branch Coordinator to manage branch location and took on supervisory responsibilities of six teachers;
- Trained my fellow teachers in the Communicative method which increased classroom performance standards of over 130 students and six teachers;
- Taught basic, elementary, intermediate, advanced, and business English language to Japanese nationals

Information Assistant

Kellogg Library   July 2010 - May 2013   San Marcos, CA

- Assisted customers with research and technical needs in person, through email, or over the phone;
- Maintained Library website and drafted weekly "spotlight" content of the Library's e-bulletin;
- Compiled data and created library's Frequently Asked Questions web page
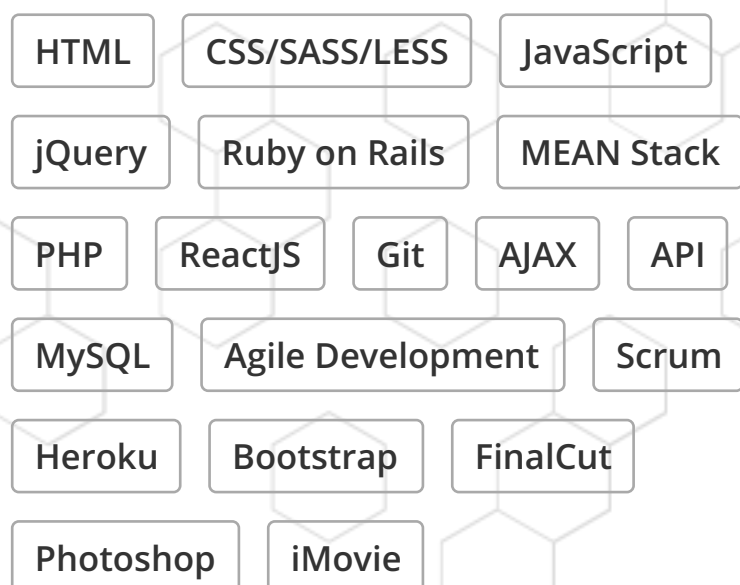

EDUCATION

Web Development Immersive

General Assembly

BA in Mass Media

California State University San Marcos

Aug 2009 - May 2013   San Marcos, CA

SKILLS

HTML CSS/SASS/LESS JavaScript

jQuery Ruby on Rails MEAN Stack

PHP ReactJS Git AJAX API

MySQL Agile Development Scrum

Heroku Bootstrap FinalCut

Photoshop iMovie

WEB DEV. PROJECTS

French Connection

https://goo.gl/NtvxSK

Competed in the French Embassy's Education Hackathon and won. Worked in a team of four to develop a pitch for a job recruitment app that utilizes a twitterbot built with NodeJS to attract users to our app.

Thoreau

http://thoreau.herokuapp.com/#/

An independent project in which I developed a news article honesty rating app which was inspired by FactChecker & Politifact. This app was built using Mongo, ExpressJS, AngularJS, & NodeJS.

FarMart

https://cabralsylvester.github.io/Project3_FarMart

Collaborated in a team of four to develop a farmers market post board app that uses Rails for an API back end and AngularJS for a front end.

Safe Travels

https://wdi-safe-travels.herokuapp.com

An independent project in which I developed an app to help travelers consider the importance of safety as a big part of their trip planning. This app was built with Ruby on Rails.

Towers of Hanoi

https://ericcgreen.github.io/eric_green_project1

An independent project in which I developed a puzzle game app with a Pokemon theme. This app was built using HTML, CSS, and Javascript.
